PT. HAS Agro Resources: Sourcing Excellence from Nature

Company Overview

PT. HAS Agro Resources is a dynamic and forward-thinking trading company strategically positioned at the intersection of high-quality agricultural commodities, sustainable energy solutions, and premium food products. Driven by a commitment to quality, reliability, and ethical sourcing, we bridge the gap between Indonesia's rich natural resources and the demanding global market. Our portfolio is meticulously curated to meet the needs of discerning international clients, offering superior products backed by rigorous quality control and reliable logistics

A BRIEF STORY ABOUT THE COMPANY

About Us

PT. HAS Agro Resources is a trusted Indonesian company dedicated to delivering the finest natural products sourced directly from our fertile land and abundant seas. Established in 2022, we bring over three years of experience in exporting premium-quality commodities to global markets. With a strong commitment to sustainability and excellence, we proudly serve as both supplier and manufacturer under our clients' own brands and private labels.

Our Finest Service

01

SOURCING RAW MATERIAL

In the era of Industry 4.0, one of the biggest challenges in delivering the best products is sourcing quality raw materials—especially when most options are only presented through images and videos online. That's why our company, trusted since years ago and supported by experts in their fields, is ready to assist you in selecting the right raw materials. Because we believe a great product starts with the right foundation—high-quality raw materials.

02

PRODUCT DEVELOPMENT

Product development involves thorough research and the right production process. In our company, we work with experienced experts and professionals, and we actively involve customers in the development process. We also offer flexible minimum order quantities to suit your needs. From the early development stage, we assist you in identifying your product's key strengths to help you enter and succeed in the market with confidence.

03

CUSTOM PACKAGING & DESIGN

One of the most crucial aspects after product quality is the selection of primary and secondary packaging, along with its design. Packaging plays a vital role in how a product enters the market and stands out from the competition. By following the latest trends in models and sizes, your product will gain added value and attract customer interest. We are ready to assist you as consultants in choosing packaging and designs that are both appealing and eye-catching to your target market.

04

CREATIVE

When you entrust your product to us, we ensure that its quality and packaging are monitored by professionals. Our commitment is to maintain consistency over time, giving your product guaranteed stability and reliability.

Product Portfolio

PREMIUM AGRI-PRODUCE & BOTANICAL PRODUCTS

We specialize in sourcing and supplying unique, high-demand botanical items critical for various global industries, from culinary to horticulture and aquarium supply.

- **Fresh Banana Leaves:** Sourced from select plantations, our leaves are guaranteed fresh, clean, and intact, catering primarily to the international food and hospitality sectors.

- **Cocopeat Block:** A testament to sustainable horticulture, our Cocopeat Block is a premium, compressed growing medium favored by hydroponic and large-scale agricultural operations. Expertly processed, it delivers exceptional water retention, optimal aeration, and a stable pH, forming the perfect sterile foundation for robust root development and superior global crop yields. Its dense, uniform structure ensures high logistical efficiency

- **Indian Almond Leaves:** Highly sought after for the aquarium and aquaculture industries, our leaves are naturally harvested, treated, and packed to ensure maximum effectiveness and quality.

SUSTAINABLE ENERGY SOLUTIONS

In our commitment to a greener future, we offer top-tier renewable energy products, positioning us as a key player in the clean energy transition.

- **Wood Pellets:** Marketed as a premier renewable energy source, our wood pellets are manufactured to high international standards. They boast excellent calorific value, low moisture content, and minimal ash residue, making them an efficient and environmentally responsible fuel for industrial and residential heating.

SPECIALTY COFFEE BEANS

We take pride in offering Indonesia's globally recognized coffee heritage, providing beans of exceptional caliber.

- **Arabica & Robusta Coffee Beans:** We supply both super quality Arabica and Robusta varieties, sourced directly from the finest estates across the archipelago. Our beans are characterized by unique flavor profiles, full body, and rich aroma, meeting the stringent requirements of specialty coffee roasters worldwide.

HIGH-GRADE SEAFOOD

Our dedication to quality extends to the supply of premium seafood, harvested and handled under the strictest standards.

- **High-Quality Seafood:** We procure and export a diverse range of seafood products, emphasizing freshness, traceability, and sustainable fishing practices to ensure only the best reaches our global clientele.

OUR GLOBAL REACH

We proudly export Indonesian agricultural and marine products to customers around the world.

OUR VALUE PROPOSITION

PT. HAS Agro Resources is more than just a supplier;
we are a reliable partner committed to excellence:

UNCOMPROMISING QUALITY:

Every product in our portfolio undergoes stringent checks to ensure it meets or exceeds international quality benchmarks.

RELIABLE SUPPLY CHAIN:

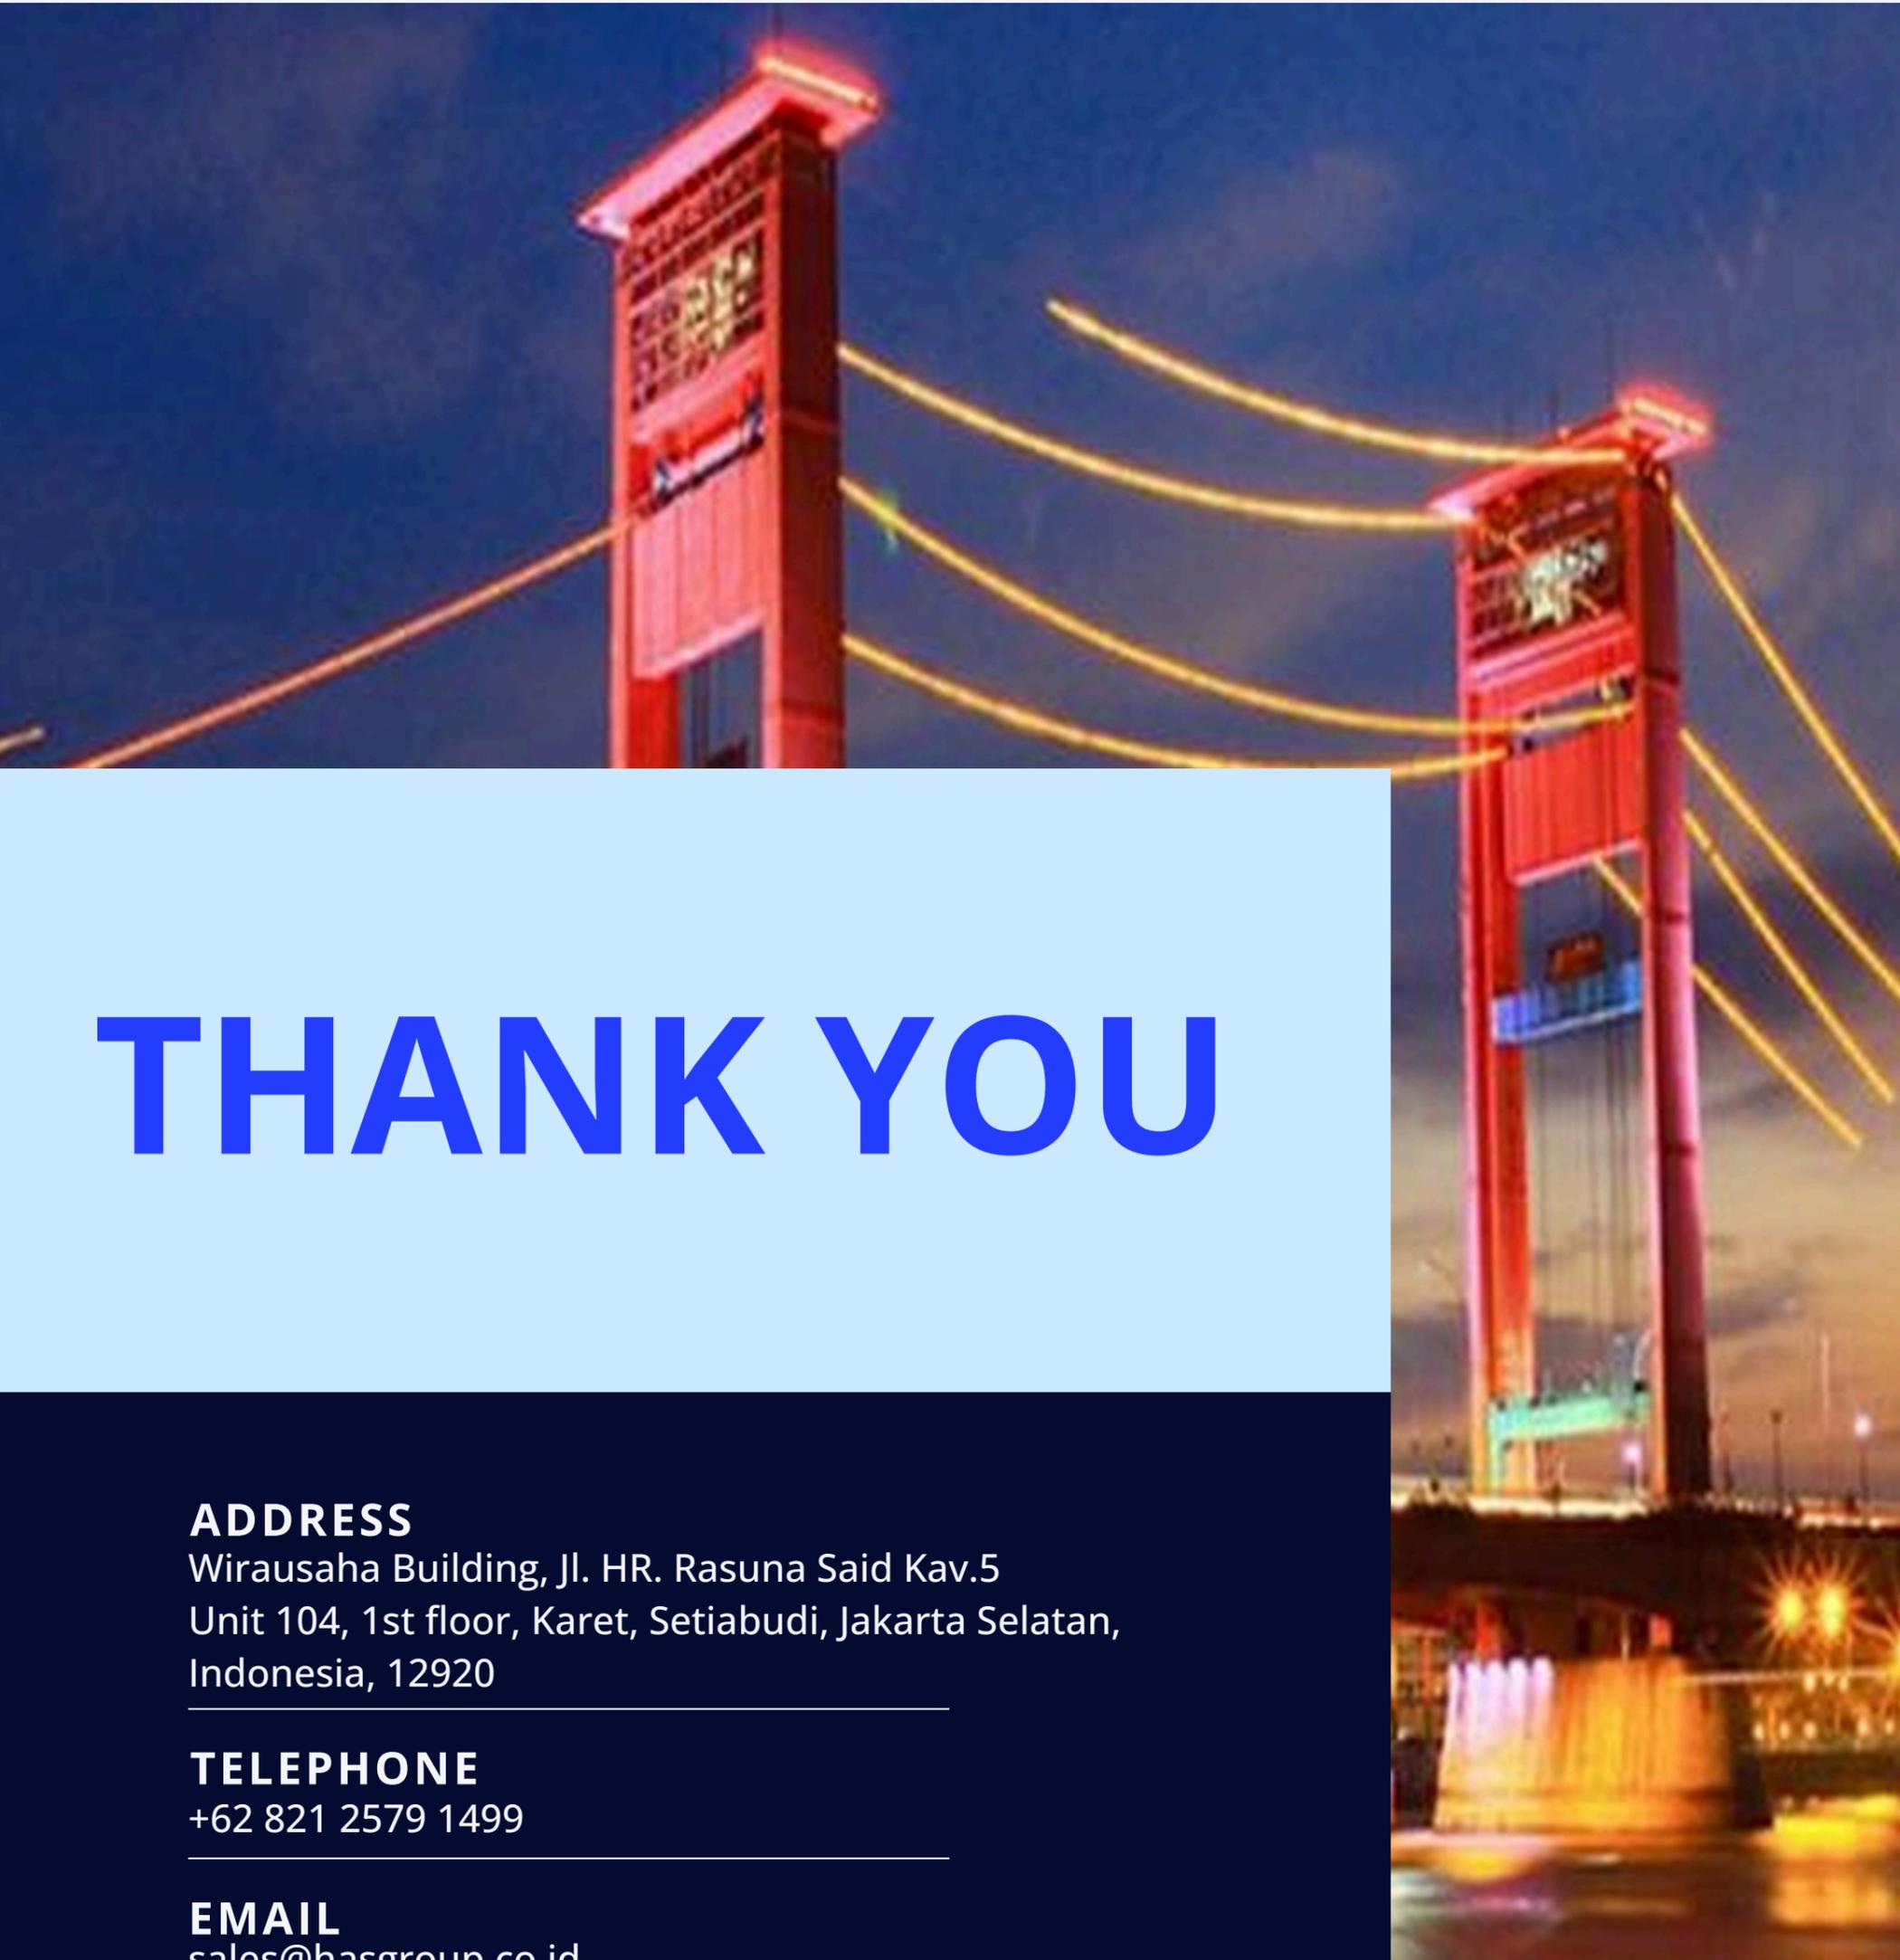

Leveraging strong relationships with local producers and robust logistical networks, we guarantee consistent supply and timely delivery.

SUSTAINABILITY FOCUS:

We champion ethical sourcing and sustainable practices, ensuring that our operations benefit both our clients and the environment.
